PATHSPOT™

Exploring PathSpot

What's on the screen?

Use this guide as a handy way to explore your PathSpot's Screen.

The wifi symbol shows it's online. If it disconnects, the logo will turn **red**. The device will attempt to re-connect overnight. The scanner still works and captures data even while offline.

Your Daily Counter will tally up all the scans from your department for that day. Tap on the counter to see graphs of today's activity compared to yesterday.
